

Base Light

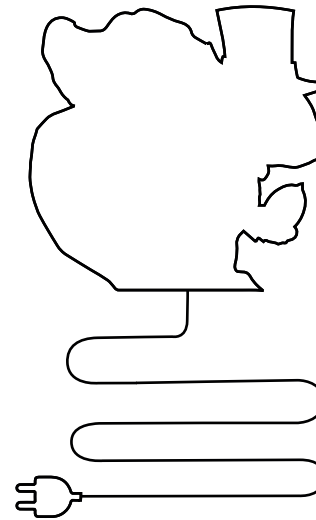

Acorn Light

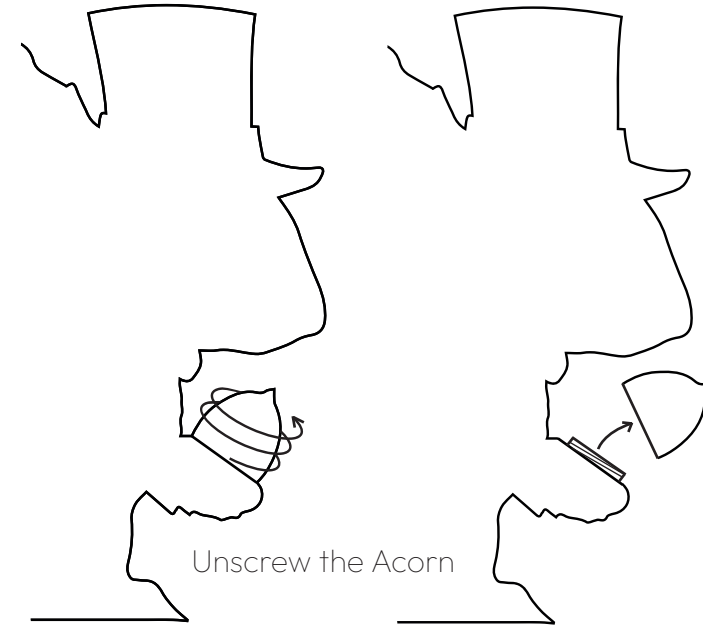

Indoor
Version
IP44

Outdoor
Version
IP65

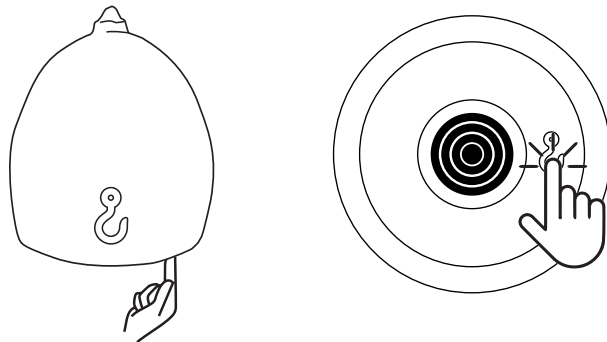

Indoor version only

Unscrew the Acorn

Indoor version only

Hook = Fingertip control ON/OFF

If the acorn battery is exhausted, gently screw the acorn back onto the body until its contacts will turn the light ON. The light of the product should be switched ON for the battery to be recharged. Do not force the screw more than necessary.

Note. The acorn is an independent light controlled by its switch and powered by battery when unplugged from the body. If the acorn is switched off and screwed onto the product, the product's central control will control the acorn light as well, recharging its battery every time the product is switched ON

Size

H.90cm W.48cm D.93cm

Weight

10 Kg

Materials

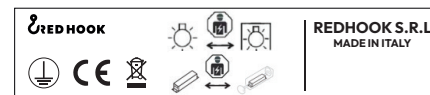

PE - Polyethylene

Lights

Light font Base 5W, 420 LUMEN

Light font Acorn 0,8W, 120LUMEN + Integrated rechargeable lithium (Indoor Version ONLY)
